

GLASS DESIGNS

Sandblast Design Options

This Catalogue is a selection of traditional designs which are taken from or are based in original panels.

All designs and corners are interchangeable and are aligned to the customers glass dimensions.

Sandblasting is an art form where many aspects can be achieved; It can be used in numerous designs applications in both residential and commercial settings:

Doors, Windows, shower screens, Mirrors, Partitions, Company logos and More.

Personal ideas can also be adapted to create bespoke designs.

Unless otherwise stated all sandblasted areas will have a "Ritec" coating.
